

# CONSTITUTION MAN

T. Jefferson / B. Franklin / J. Adams

Flying high like an eagle  
Soaring - oh so free  
I've got to go alone now  
It's my destiny  
Time for me to go now  
And make it on my own  
It's the birth of a new nation  
Of spirits having flown

Don't look back in anger  
Don't look back at all  
A mother's child is grown now  
It's up and walking tall  
There's no need for fighting  
No time for that anymore  
We'll always be together  
Same ocean - different shore - Cause I'm a (chorus)

Con-sti-tu-tion  
Con-sti-tu-tion  
Con-sit-tu-tion Man -  
Yes I am (Repeat)

You can't hold me back  
You can't hold me down  
Time for a Constitution  
To throw away The Crown

We both know it's over  
You can't say we didn't try  
Remember me with a smile now  
When we say good-bye  
Nothing lasts forever  
I know that it's a shame  
Starting over's never easy  
When you're making a new name - Cause I'm a (chorus)
